

# Ferrofluids: everything you never wanted to know but dared to ask.

Joan J. Cerdà

2nd November 2009

Ferrofluids are nowadays broadly used in many technological applications. The present talk is intended to be an introduction to the topic of ferrofluids as well as to the research the ICP is doing in such field. (<http://www.ica1.uni-stuttgart.de/icp/Ferrofluids>).
